New Evans Police Station Breaks Ground!

Artist rendering of the new Evans police station building

Evans City Council (left to right) Kyle Fehr, Chris Delaney, Tammy Pletka, Mayor Mark Clark, Ally Johnson, Fred Neal

Ground was broken on the new Evans Police Station on Friday, Sept. 19. The current Evans City Council was joined by former Councilwoman/Mayor Pro Tem Laura Speer as well as City Manager Cody Sims, Police Chief Randall Darlin and members of the Evans PD and City Staff for the event. Mayor Mark Clark remarked that the new police station project has been years in the making and the City found the ideal location at 3819 Saint Vrain Street just south of the Evans Community Complex. Designed by D2C Architects with construction services provided by FCI Constructors, we are projecting an 18-month construction schedule. This new facility – funded by the Food Tax (a sales tax on food products for at-home consumption) – will provide our officers the space they need to do their jobs safely, improve recruitment and retention and help the Police Department operate more efficiently.

Eggs, eggs, and more eggs!!! For years, Sam's Club has been a fantastic partner, generously donating food to the Evans Police Department—starting during COVID and still going strong. Recently, they reached out with some exciting news: four pallets of eggs—yes, 30,720 eggs! We knew we could find a way to turn this egg-citing delivery into something positive for our community. And let me tell you, the eggs went quickly! They were shared with residents in our Habitat for Humanity area, Green Acres Mobile Home Park, Bella Vista Mobile Home Park, seniors at Terrace Park, students at the Immigrant & Refugee Center, school food pantries, Lighthouse Food Pantry, Greeley Family House, and the Guadalupe Shelter. It truly made a difference for many families in need. Huge thanks to Sam's Club for their ongoing generosity and support—you're truly egg-ceptional!

Law Enforcement Torch Run raises \$944 for Special Olympics!

THANK YOU FOR A GREAT HERITAGE DAY!

City Council Update – September 2025

During City Council Work Sessions in September, the Evans City Council continued their deep dive into the 2026 City budget. At the upcoming meeting on Oct. 7, the proposed operating and capital budget will be considered for an up or down vote by the Council.

Police Chief Randall Darlin presented Ordinance No. 846-25, approved unanimously by the Council, that provided authority for City to adopt state statutes related to license plate display, vehicle registration, and other similar requirements that will provide the Evans PD much needed flexibility when it comes to local enforcement and handling of routine traffic offenses.

The Councilmembers also reviewed the 30% design plans for the expansion of the Wastewater Treatment Plant. This was a routine amendment to the contract with AE2S, the firm contracted for engineering services on this project.

The Council also unanimously approved the issuance of a liquor license for the new Murphy USA fuel station at the 37th Street / Highway 85 intersection, an agreement for a mineral lease with PDC Energy, and a resolution allowing the City to dispose of the old playground equipment from Renaissance Park.

Evans City Council will consider the 2026 Operating and Capital Budget at the Oct. 7 meeting.

Evans City Council meetings are live streamed on the City's YouTube channel, scan the QR code below.

The Evans City Manager and Chief Financial Officer will present the proposed 2026 Operating and Capital Budget to the City Council. Throughout the year, the City Council works hand in hand with City leadership to craft a budget that reflects Council priorities, provides essential municipal services, and plans for the future. We encourage residents to attend this meeting or watch the live-stream on the City's YouTube channel, linked to the left. The annual budget is the most important policy document created by the City and impacts everyone in Evans.

At the Sept. 16 meeting, Councilwoman Ally Johnson read, and Mayor Mark Clark signed, an official City proclamation for Hispanic Heritage Month 2025.

October 2025

Mayor's Message – A letter to the Evans Community

Dear Evans Residents,

In 2020, the voters of Evans made an investment in our community by approving the 1% Street Sales Tax. Thanks to your support, we have been able to make substantial improvements to our city's streets and transportation system—projects that otherwise would have been financially impossible.

Since then, we've rebuilt and resurfaced key roadways that tens of thousands of residents and visitors use every day. Among these are:

- Construction of 23rd Avenue between 37th Street and 42nd Street
- Reconstruction of 37th Street between 35th Avenue and 47th Avenue
- Mill and overlay of 17th Avenue and 23rd Avenue between 32nd Street and 37th Street
- Reconstruction of Prairie View Drive / 42nd Street between 23rd Avenue and 35th Avenue.

These projects are not just fresh pavement—they represent safer commutes, stronger infrastructure, and a community prepared for growth.

The 1% Street Sales Tax generates about \$4 million each year. Without it, Evans would face nearly insurmountable challenges funding basic maintenance, let alone new construction. With one of the lowest municipal mill levy rates in Colorado—3.536 mills—our property tax base simply cannot cover the high costs of maintaining and rebuilding our streets.

Looking ahead, we must keep this momentum going. The City Council has placed Ballot Measure 2A on the November 2025 ballot, asking voters to extend the 1% Street Sales Tax indefinitely. The 1% Street Sales Tax is an existing tax that does not increase taxes in Evans. Instead, it strengthens our community, helps preserve property values, and takes a significant portion of the cost burden of street maintenance and rehabilitation off of the backs of Evans property owners. With a dedicated 1% street sales tax, everybody who comes to Evans to shop in our retail stores or eat at our restaurants contributes to the maintenance and rehabilitation of our street network. With this funding in place, Evans will be able to:

- Fully reconstruct 49th Street from Industrial Parkway to 65th Avenue
- Advance 37th Street Phase 4 from Arrowhead Drive to 47th Avenue
- Rebuild 35th Avenue from Prairie View Drive to 49th Street
- Improve 29th Avenue from 32nd Street to 42nd Street; and
- Continue upgrades on local streets throughout Evans.

This list is not all-inclusive, but rather a sample of projects to come. With the 1% Street Sales Tax, we will be able to reach streets throughout the entire community and continue the Evolution of Evans.

The future of our streets depends on this funding source. With your continued support, we can ensure safe, reliable, and well-maintained roads for generations to come.

Thank you for your partnership in making Evans a stronger, more connected community.

**Sincerely,
Mark Clark
Mayor, City of Evans**

Evans Mayor Mark Clark

October 2025

City of Evans Major Projects Update

The final landscaping touches are being added to the new Hunter's Reserve Park at 3800 29th Avenue. The park will be opened to the public this month.

Work continues to progress on schedule for the 42nd Street/Prairie View Drive project. The road base has been laid down and the bottom mat of asphalt has been applied on the eastbound lanes. Work that remains includes concrete repair, the final layer of asphalt, striping, and some utility work. Following completion of the eastbound lanes, the top mat of asphalt and final striping work will be completed on the westbound lanes to finish the project.

The four-way traffic signal at the 34th Street / 23rd Avenue intersection was completed, providing a major boost to safety for motorists and pedestrians in this busy area of town.

Phase 2B of the 37th Street widening project has entered its final stages as landscaping work is being completed in early October and final paving is scheduled for the week of Oct. 20.

The installation of the new playground equipment at Renaissance Park will be completed in October.

REIMAGINE 85

Evans Property Initiative

INTRODUCING THE EVANS PROPERTY INITIATIVE: TRANSFORMING THE HIGHWAY 85 CORRIDOR

The City of Evans is thrilled to launch the Evans Property Initiative, an exciting effort to revitalize the U.S. Highway 85 Corridor through environmental assessment, planning support, and economic development. Thanks to a \$500,000 Community-wide Assessment Grant from the Environmental Protection Agency (EPA), this initiative provides commercial and industrial property owners with the resources they need to unlock new opportunities for growth and investment.

At the heart of the program is the revitalization of brownfields—properties where real or perceived environmental challenges are hindering redevelopment. Through FREE environmental site assessments (ESAs) and customized planning support, the Evans Property Initiative empowers commercial and industrial property owners to turn underutilized sites into thriving community assets.

Brownfields boundary map

Work underway on HWY 85/13th St.

Scan the QR Code
below to learn more!

GET INVOLVED

If you own a commercial and industrial property along or near Highway 85, now is the time to take advantage of free resources that can enhance your property's value and marketability. Visit www.reimagine85.org to learn more about the initiative and discover how you can benefit.

Together, we can reimagine Highway 85 as a hub for innovation, growth, and environmental stewardship.

PROGRAM GOALS AND PROGRESS

The initiative is designed to:

- Create a Property Inventory – Mapping sites along Highway 85 to identify redevelopment opportunities.
- Engage the Community – Collaborating with property owners, businesses, and residents to understand needs and future aspirations.
- Provide Free Support – Offering ESAs, site planning, and targeted cleanup strategies to facilitate redevelopment.
- Promote Smart Growth – Aligning with land use updates to encourage revitalization within the Highway 85 overlay district.

To date, the initiative has successfully assessed key properties, fostered stakeholder collaboration, and supported efforts to repurpose underutilized sites—all of which contribute to increased property values and a more vibrant, sustainable community.

Neighborhood Watch

**NEIGHBORHOOD
WATCH**

PROGRAM IN FORCE

**ALL SUSPICIOUS
PERSONS & ACTIVITIES
ARE IMMEDIATELY
REPORTED TO
LAW ENFORCEMENT**

Neighborhood Watch is a program where community members, in cooperation with the Evans Police Department, participate in the detection and deterrence of crime in their neighborhoods.

The Neighborhood Watch Program facilitates communication between you and your neighbors. Additionally, it develops a partnership between our City police force and citizens to help enhance the safety and security of our neighborhoods.

As citizens of the Evans community, we share the common goal of enhancing the quality of life within all of our neighborhoods

Keeping you and your family as safe as possible is a continued goal of the Evans Police Department.

Our success in reaching this goal depends greatly on your efforts as well.

If you would like to organize a Neighborhood Watch Program, please reach out to Teresa McClatchey at 970-590-1504 or tmclatchey@evanscolorado.gov

Evans Police Department

Thefts From Vehicles Increasing

The **Evans Police Department** has seen a noticeable uptick in thefts from parked cars recently. In some of the cases, the vehicles were locked, and the thieves broke into the car to remove personal items. In the majority of cases, however, the vehicles were left unlocked, allowing the thieves to simply help themselves to whatever items of value they could find in the vehicles. The most frequent types of personal items stolen include wallets, purses, car stereos, driver's licenses, insurance and registration documents, laptop computers, cell phones, license plates and garage door opener remotes which can later be used to access the home. Not only is

the theft of personal items difficult for the victim, but many of these stolen items can be used in the commission of other, often times more serious, crimes including credit card fraud and identity theft, to name a few. Criminal vehicle trespass, more commonly called car break-ins, usually occur in clusters within neighborhoods. Thieves will target a specific neighborhood one night and the next night or a few nights later, move on and hit other neighborhoods. The result is that cars parked anywhere throughout the City can become targets for theft. While this type of crime is disturbing and the Evans PD is doing all they can to prevent thefts, the good news is there are a lot of easy, common sense actions residents and their visitors can take to reduce the chances of becoming a victim.

The Evans Police Department is encouraging residents to:

- **Lock your car doors and seal your windows.** As simple as it sounds, you would be surprised how many thefts occur from vehicles left unlocked or with the windows open overnight.
- **Use all the safety features with which your vehicle is equipped.** Make sure to activate your alarm and investigate quickly if you hear your car alarm go off while you are away from it.
- **Do not leave anything of value in your car.** Leaving your purse or wallet, cell phone or laptop, your golf clubs or gym bag in plain view makes it an easy target for thieves. Even a zipped-up gym bag or backpack can be tempting for a thief as they cannot be sure if the bag contains dirty exercise clothes or something far more valuable like your bankbook, membership cards, small entertainment devices or expensive tools.
- **Park in a well-lit, secure area visible to others.** Thieves prefer to break into vehicles parked in dark and secluded areas and avoid well-lit areas as much as possible.
- **Form a neighborhood watch group.** Banding together with your neighbors helps provide cover for when you, or your neighbors, are away. See page 6 for more.
- **Report the Crime.** If you do find yourself a victim, report the crime immediately to the Evans PD.

Building Bulletin

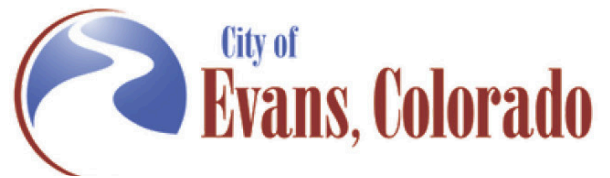

Installing or replacing fences and expanding driveways are popular projects that do not require a building permit. However, there are guidelines to follow to keep those projects up to code:

- Fences in the rear yard setback cannot be higher than 6 feet above grade, while fences in the front yard setback cannot be higher than 4 feet from grade.
- Fences must be made of regular fencing material such as wood, vinyl, stone, or decorative iron. Barbed wire is not allowed in residential zone districts.
- We encourage anyone building a fence to call 811 for utility locate prior to any digging.
- Driveway expansions don't require a building permit but require an access permit through our Engineering Department (PW-Engineering@evanscolorado.gov).
- Driveways cannot exceed 20 feet of width where they meet the City right of way.

WM August Recycling Benefits City of Evans

In August, we recycled 18 tons of bottles, cans, paper and cardboard.

This month's recycling efforts saved the following resources:

224 Mature Trees

Enough avoided timber resource use to produce 3,811,600 sheets of printing and copy paper!

41 Cubic Yards of Landfill Airspace

Enough avoided airspace to fulfill the annual municipal waste disposal needs for 52 people!

35,667 Kw-Hrs of Electricity

Enough avoided power use to fulfill the annual electricity needs of 3 homes!

Avoided 40 Metric Tons (MTCO2E) of GHG Emissions

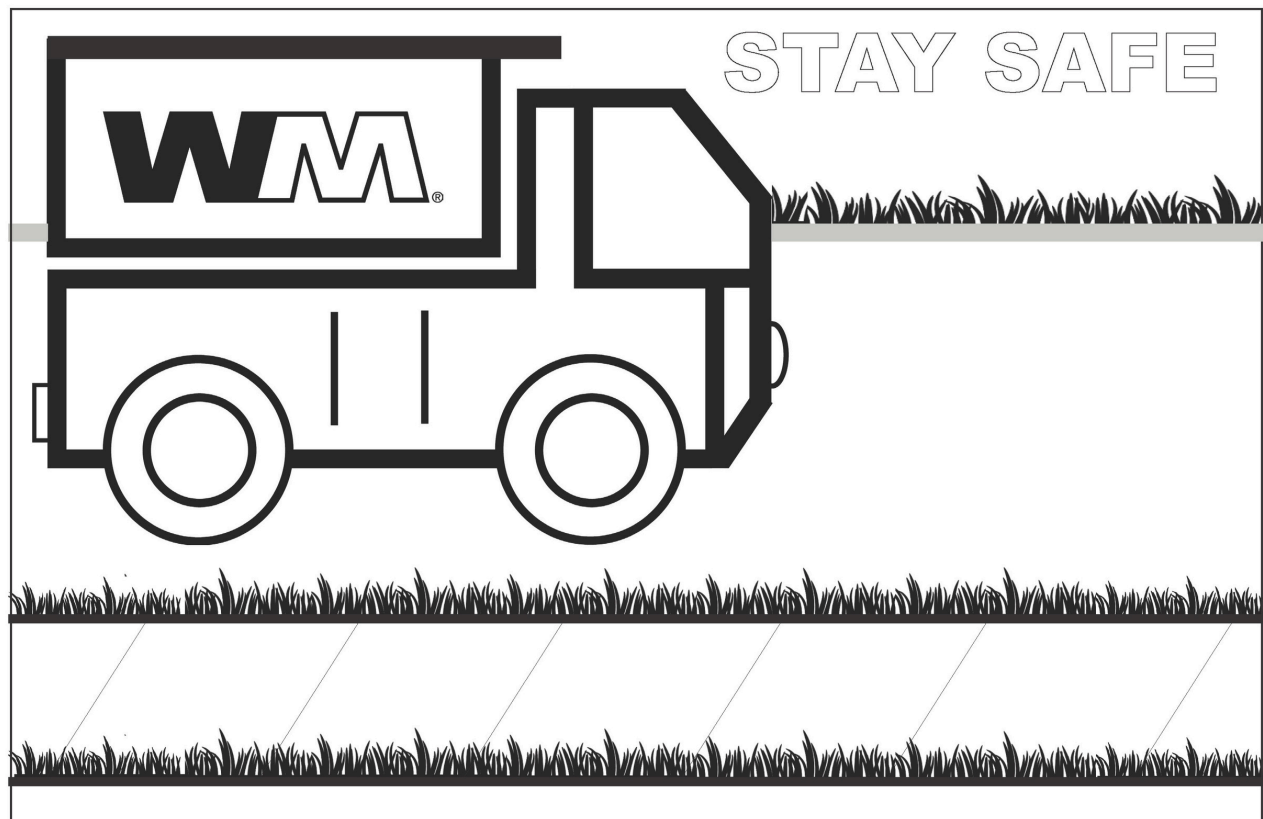

This GHG reduction is equivalent to removing annual emissions from 8 passenger vehicles!

76,551 Gallons of Water

Enough avoided water use to meet the daily fresh water needs of 1,020 people!

Sources: U.S. Environmental Protection Agency, U.S. Energy Information Administration, Environmental Paper Network-Paper Calculator V4.0, Domtar Paper, Gaylord Corporation, U.S. Forest Products Laboratory, and Waste Management. © Waste Management 2023
Notes: GHG = Greenhouse Gas; MTCO2E = Metric Tons of Carbon Dioxide Equivalent

Draw you and your friends safely walking to school using the sidewalk.

- Never walk in the street or follow a collection truck on your bike or skateboard.
- Stay at least 15 feet away from trash and recycling trucks servicing your neighborhood.
- Wave to your WM truck driver from the safety of your front yard or driveway.

Outdoor Street Lighting

How to report a Street Light Outage

What you will need to report a street light outage

The Pole number where the light is located—the pole number will be on the street side of the pole and will either have two numbers over two, or three over three.

For Example

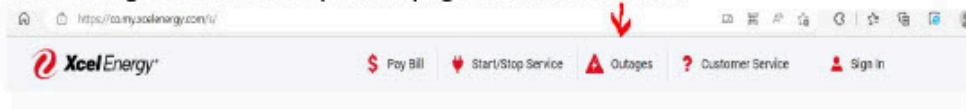

Xcel Energy relies on the information you provide so please be as specific as possible. If the pole does not have a number, then please provide the address behind the pole, or a description of where the pole is located.

For example: The light is located on the Southwest corner of E. 16th Ave and Pennsylvania.

Where to report a Street light Outage?

Go to <https://co.my.xcelenergy.com/s/>

FIRST: Select the Outages icon at the top of the page as indicated below

NEXT: Scroll to the bottom of the page and look for **Outdoor lighting Outages** and click on **REPORT AN OUTDOOR OUTAGE** as seen below

Next: Click on **Report it now** →

Finally: Enter your information.

1. Your name
2. Your email address: This is used to inform you when the light is repaired.
3. Contact phone number: This will be used to contact you should we have any questions regarding your repair request.

Pole information: ****If an outdoor lighting pole is broken, please call Xcel Energy Customer Care at 1-800-895-4999.

1. Select the problem with the light
2. Pole number: This is where you would enter the two over two or three over three numbers on the pole.
3. Light location: This is the Address where the light is located. Please provide as much specific information as you can.
4. Comments: Provide any additional information that you believe would be helpful

Lastly: You may Add more outages if there are more than one or hit the submit button.

Once you submit the request you will be provided a confirmation number. Keep this number to refer back to if needed.

*****Please note:** Repairs are made in 5 business days unless there is more than routine maintenance is required.
