Out With the Old!

Demolition began in August at the site of the new Evans police station. After searching for several years to find the ideal location at a suitable price, the City purchased a parcel of land directly south of the Evans Community Complex. The completion of the new police station is scheduled for Oct. 2026

A huge thank you to Waste Management WM for their generous \$4,000 donation, and heartfelt appreciation to Tim Johnson and all our wonderful donors (you might be secret, but your support isn't!).

Because of your incredible generosity, we've reached our goal and can now provide students at all six Evans schools with some of the supplies they need to succeed this school year. Your kindness is making a real difference—empowering our students to shine! We couldn't have done it without you. Here's to creating a brighter, smarter, and more exciting future together!

City Council Update – August 2025

Formulating the 2026 City budget was the focal point of City Council work sessions during the month of August. Due to increasing costs and the City's heavy reliance on sales taxes given the very low property tax rate, all City departments were asked to submit budget requests with a 5% (or greater) reduction from the prior year. The Council members also discussed how much to leave in reserves, the City Charter requires a minimum of 25% of prior year expenditures; a decision on the reserve rate will be made in September. Council members expressed a desire to tackle some deferred maintenance issues around the City to hopefully prevent the need for expensive and disruptive emergency infrastructure repairs as happened this year.

The Council approved two measures related to a 2.17-acre annexation on the southern reaches of the City for the Mountain Cement Company. The Council also approved a request to an emended development agreement in the Liberty Draw subdivision whereby some townhomes originally planned will be replaced by single family homes in response to market demand.

By a unanimous 7-0 vote, the Council approved the purchase of Elgin Road Wizard street sweeper for the City's Public Works Department. While equipment like this can often take close to a year to be delivered, a local vendor had a model in-stock that will be delivered to the City by October of this year. The Council also voted to approve the sale and salvage of unused City equipment, the proceeds from which will be added to the City's general fund.

Lastly, the Council approved Resolution No. 12-2025 calling for a TABOR election whereby the City will ask voters to approve a permanent extension of the 1% Road Ahead sales & use tax.

Evans City Council meetings are live streamed on the City's YouTube channel, scan the QR code below.

Mayor Mark Clark (right) presented Robert & Joy Pitts with the Yard of the Month award.

City of Evans Road Projects Update

Considering the climate we have here in Colorado, there are only a few months of the year that major infrastructure projects can be undertaken. With that in mind, work is underway all over the City. Major upgrades have been completed on 17th and 23rd Avenues, work on Phase 2B of the 37th Street widening project is progressing on schedule and work has begun on a full reconstruction of 42nd Street/Prairie View Drive.

The work on 42nd Street is progressing as planned. Due to the narrowness of the roadway, the high number of large commercial/industrial vehicles that use the road, and the concurrent concrete and utility work required, it was deemed unsafe for work crews and would result in prolonging the project if two-way traffic was permitted. The bottom mat of asphalt has been laid on the westbound lanes and work has shifted to the eastbound lanes. Below is a map of the closures and detours in place while work continues on the eastbound lanes. Please note, access The Ridge at Prairie View neighborhood will be available intermittently at 29th Avenue/Blue Bells Drive and Harbor Lane.

EVANS, CO
11-8PM MON-SUN

WE ARE DONATING 10% OF THIS SUNDAY'S SALES AT ALL 3 HIROSHI LOCATIONS TO THIS WEEK'S FEATURED CHARITY.

Did you know that officers from Evans PD, UNC PD, and Greeley PD aren't just out patrolling—they're also some of the biggest supporters of Santa Cops of Weld County? They serve as board members, shop for gifts, and help wrap presents. We depend on this great nonprofit to bring holiday cheer to underprivileged kids in the Greeley-Evans area. Just last year, over 2,500 kids in our community received help thanks to their efforts—and a lot of teamwork.

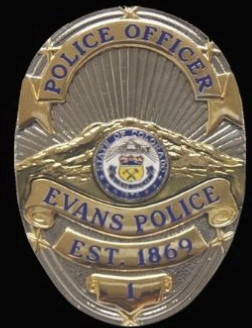

Hiroshi Grill's has graciously stepped up to host a special fundraiser—because what's better than good food and giving back? On Sunday, September 21, at all three locations—3304 37th Street #2 in Evans, 808 23rd Street in Greeley, and 6628 W 10th Street #103 in Greeley—they'll donate 10% of their total sales. No need to print a flyer or jump through hoops; just show up and enjoy a great meal while supporting a good cause.

Your support helps us create memorable, joyful holidays for kids who really need it. Mark your calendar, save some room for dinner, and join us in making a difference for our community.

Thefts From Vehicles Increasing

The **Evans Police Department** has seen a noticeable uptick in thefts from parked cars recently. In some of the cases, the vehicles were locked, and the thieves broke into the car to remove personal items. In the majority of cases, however, the vehicles were left unlocked, allowing the thieves to simply help themselves to whatever items of value they could find in the vehicles. The most frequent types of personal items stolen include wallets, purses, car stereos, driver's licenses, insurance and registration documents, laptop computers, cell phones, license plates and garage door opener remotes which can later be used to access the home. Not only is

the theft of personal items difficult for the victim, but many of these stolen items can be used in the commission of other, often times more serious, crimes including credit card fraud and identity theft, to name a few. Criminal vehicle trespass, more commonly called car break-ins, usually occur in clusters within neighborhoods. Thieves will target a specific neighborhood one night and the next night or a few nights later, move on and hit other neighborhoods. The result is that cars parked anywhere throughout the City can become targets for theft. While this type of crime is disturbing and the Evans PD is doing all they can to prevent thefts, the good news is there are a lot of easy, common sense actions residents and their visitors can take to reduce the chances of becoming a victim.

The Evans Police Department is encouraging residents to:

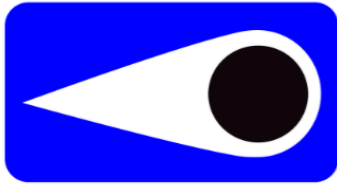

- **Lock your car doors and seal your windows.** As simple as it sounds, you would be surprised how many thefts occur from vehicles left unlocked or with the windows open overnight.
- **Use all the safety features with which your vehicle is equipped.** Make sure to activate your alarm and investigate quickly if you hear your car alarm go off while you are away from it.
- **Do not leave anything of value in your car.** Leaving your purse or wallet, cell phone or laptop, your golf clubs or gym bag in plain view makes it an easy target for thieves. Even a zipped-up gym bag or backpack can be tempting for a thief as they cannot be sure if the bag contains dirty exercise clothes or something far more valuable like your bankbook, membership cards, small entertainment devices or expensive tools.
- **Park in a well-lit, secure area visible to others.** Thieves prefer to break into vehicles parked in dark and secluded areas and avoid well-lit areas as much as possible.
- **Form a neighborhood watch group.** Banding together with your neighbors helps provide cover for when you, or your neighbors, are away. See page 6 for more.
- **Report the Crime.** If you do find yourself a victim, report the crime immediately to the Evans PD.

ARE IMMEDIATELY
REPORTED TO
LAW ENFORCEMENT**

Neighborhood Watch is a program where community members, in cooperation with the Evans Police Department, participate in the detection and deterrence of crime in their neighborhoods.

The Neighborhood Watch Program facilitates communication between you and your neighbors. Additionally, it develops a partnership between our City police force and citizens to help enhance the safety and security of our neighborhoods.

As citizens of the Evans community, we share the common goal of enhancing the quality of life within all of our neighborhoods

Keeping you and your family as safe as possible is a continued goal of the Evans Police Department.

Our success in reaching this goal depends greatly on your efforts as well.

If you would like to organize a Neighborhood Watch Program, please reach out to Teresa McClatchey at 970-590-1504 or tmclatchey@evanscolorado.gov

Building Bulletin

Hail season is upon us and the Evans Building Division has some friendly reminders to help residents in the event a roof replacement is needed:

- A building permit is required to replace any amount of roof 100 square feet or more.
- Contractors must have a current business license with the City and obtain the building permit online prior to doing any work – always ask to see the building permit before your contractor begins work and always wait for a final inspection before paying your contractor.
- Door to door solicitations are allowed but a special permit is required through our City Clerk's office – permitted solicitors should have a badge with photo identification.
- Other related work, such as siding replacement, also requires a building permit.

Building Bulletin

A home addition is a great way to increase living space, add functionality and boost property value, but there are some important things to know before getting started:

- A building permit is required for all home additions; permit applications must include plans showing the layout of the addition and any new mechanical, electrical, plumbing, and structural framing details.
- Contractors must have a current business license with the City and obtain the building permit online prior to doing any work – always ask to see the building permit before your contractor begins work and always wait for a passed final inspection before final payment to your contractor.
- Projects that add to the foot print of the household must meet current setback and design requirements and a plot plan will be needed with the permit application.

Summer Lawn Watering Tips

LAWN WATERING MINUTES PER ZONE				
MONTH	FIXED SPRAY HEAD	MANUAL SPRINKLER	ROTOR HEAD	HIGH EFFICIENCY
JANUARY-APRIL	WATER TREES AND SHRUBS AS NEEDED			
MAY	17	23	29	35
JUNE	22	31	40	48
JULY	23	32	41	50
AUGUST	19	25	32	39
SEPTEMBER	16	22	28	33
OCTOBER-DECEMBER	WATER TREES AND SHRUBS AS NEEDED			

Source: <https://www.denverwater.org/residential/efficiency-tip/watering-your-lawn>

The numbers above are based on watering 3 times per week. With all sprinkler types cycle and soak can help increase efficiency and reduce runoff. Run 2-3 cycles 45-60 minutes apart. The total run time for the day should equal the number recommended in the table above.

*Please note that these are recommended run times for our region, if your lawn is suffering at these recommended run times please adjust time and cycles accordingly. Alternatively, if you water less than this and your lawn is healthy, do not water more than needed.

The City of Evans has Outdoor Watering Policies effective between April 15 and October 15.

Outdoor watering is allowed on scheduled days except between the hours of noon and 5pm.

- Single-family homes with even-numbered addresses shall only water lawns on Sunday, Tuesday, and Thursday of each week.
- Single-family homes with odd-numbered addresses shall only water lawns on Monday, Wednesday, and Saturday of each week.
- Multi-family residents or apartments shall only water lawns on Sunday, Tuesday, and Friday of each week.

Watering mid-day leads to loss of water through evaporation from the sun.

WM July 2025 Recycling Benefits City of Evans

In July 2025, we recycled 19 tons of bottles, cans, paper and cardboard.

This month's recycling efforts saved the following resources:

239 Mature Trees
Enough avoided timber resource use to produce 4,066,200 sheets of printing and copy paper!

44 Cubic Yards of Landfill Airspace
Enough avoided airspace to fulfill the annual municipal waste disposal needs for 56 people!

38,050 Kw-Hrs of Electricity
Enough avoided power use to fulfill the annual electricity needs of 3 homes!

Avoided 42 Metric Tons (MTCO2E) of GHG Emissions
This GHG reduction is equivalent to removing annual emissions from 9 passenger vehicles!

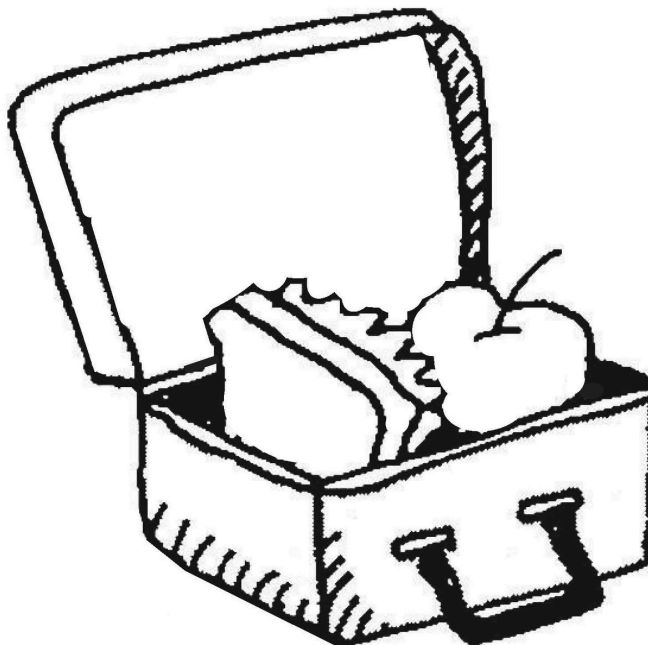

81,666 Gallons of Water
Enough avoided water use to meet the daily fresh water needs of 1,088 people!

Outdoor Street Lighting

How to report a Street Light Outage

What you will need to report a street light outage

The Pole number where the light is located—the pole number will be on the street side of the pole and will either have two numbers over two, or three over three.

For Example

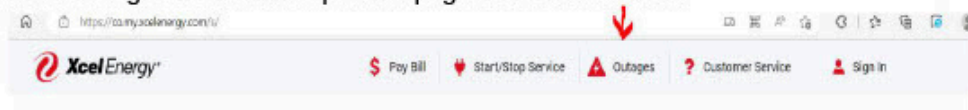

Xcel Energy relies on the information you provide so please be as specific as possible. If the pole does not have a number, then please provide the address behind the pole, or a description of where the pole is located.

For example: The light is located on the Southwest corner of E. 16th Ave and Pennsylvania.

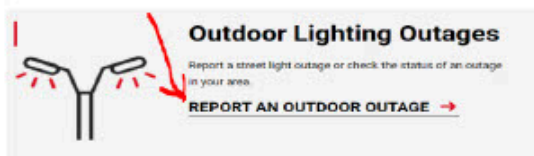

Where to report a Street light Outage?

Go to <https://co.my.xcelenergy.com/s/>

FIRST: Select the Outages icon at the top of the page as indicated below

NEXT: Scroll to the bottom of the page and look for **Outdoor lighting Outages** and click on **REPORT AN OUTDOOR OUTAGE** as seen below

Next: Click on **Report it now** →

Finally: Enter your information.

1. Your name
2. Your email address: This is used to inform you when the light is repaired.
3. Contact phone number: This will be used to contact you should we have any questions regarding your repair request.

Pole information: ****If an outdoor lighting pole is broken, please call Xcel Energy Customer Care at 1-800-895-4999.

1. Select the problem with the light
2. Pole number: This is where you would enter the two over two or three over three numbers on the pole.
3. Light location: This is the Address where the light is located. Please provide as much specific information as you can.
4. Comments: Provide any additional information that you believe would be helpful

Lastly: You may Add more outages if there are more than one or hit the submit button.

Once you submit the request you will be provided a confirmation number. Keep this number to refer back to if needed.

*****Please note:** Repairs are made in 5 business days unless there is more than routine maintenance is required.
