SALES TAX RETURN INSTRUCTIONS

Line 3C If you deliver or ship product out of the City of Evans and you are unsure of the "in/out" status of the address, please email or call our division for verification. An address locator is available on our website and by request from our division.

Line 3G Sales to exempt organizations must be supported by a "State of Colorado" exemption certificate. Place the exempt number of the organization on your invoice. The number must begin with "98" (i.e., 98-xxxx-xxxx).

Line 3K Only food purchased with food stamps, or WIC vouchers may be deducted. The City of Evans tax rate on "Food for Home Consumption" is 4.5%. Do not deduct food sold unless stamps or vouchers are collected from the customer.

Line 5A The tax rate on "Food for Home Consumption" is 4.5%. Enter Food for Home Consumption receipts and multiply this amount by 4.5%. This is primarily groceries and other foods that are not prepared prior to purchase or consumed on premises. Do not include food furnished by restaurants, alcoholic beverages, food items not marketed for human consumption (pet food), and all non-food items.

Line 5B Enter receipts for any items not included in the Food for Home Consumption sales tax (5A). Multiply this amount by 4.5%.

Line 6 If sales taxes collected during the reporting period exceed the amount calculated on Line 4, you must report and remit the excess on this line.

Line 8 This amount reimburses the vendor for collecting our sales tax. It is not an additional cost to the vendor. Do not add this calculation to the tax. The amount you keep is limited to \$100 per return.

Line 10 Returns are due on the 20th day of the month following the reporting period. For example on a MONTHLY return: The due date for the period of May 1st through May 31st is June 20th. For example on a QUARTERLY return: The due date for the period of April 1st through June 30th is July 20th. Returns are considered late if the payment or return is not received, or if the envelope is not postmarked by the USPS, on or before the due date.

Penalty Calculation: Late returns will be assessed a penalty equal to the sum of \$15, or fifteen percent (15%), whichever is greater.

<u>Tax Due</u>	<u>Penalty</u>
\$0.00 through \$100.00	\$15.00
\$100.01 and up	\$15.01 and up

Interest Calculation: Late returns are assessed interest equal to .75% of balance owed and will be applied from the due date of the payment. On remittance of Sales or Use taxes that are delinquent by more than thirty (30) calendar days from the due date as set forth in Chapter 3.04.840 of the Municipal Code additional penalty interest of .75% are applied.

For example, interest on a late return for the Period of May 1st through May 31st is calculated as follows:

<u>Tax Due</u>	<u>Number of Months Late</u>	<u>Interest Due</u>
June 20th	0	None
June 21st	1	Tax Due x .75% x 1
July 23rd	2	Tax Due x 1.5% x 1 + .75% x 1
August 19th	2	Tax Due x 1.5% x 1 + .75% x 1
August 21st	3	Tax Due x 1.5% x 2 + .75% x 1

Line 11 If you received a credit notice, please deduct the credit amount here. If you receive a notice of tax deficiency for underpaid tax, please add the total amount of the deficiency due here.

Sale of a Business If your business has been sold to a new owner, sales tax may be due on the selling price of the tangible personal property assets, except for inventory to be resold. Report the taxable sales amount and tax due on a separate tax return noting that the return is for the sale of the business. See City Code Section 3.04.610 for a list of types of business sales that are subject to sales tax.
