A. Consideration of Pavement Patching Contract Change Order

Mr. Becklenberg informed Council Members the purpose of this change order is to reconcile the difference between the Colorado Paving, Inc. original contract amount of \$195,492.27 and the total cost of the patching work that got done of \$525,034.91. This allowed us to complete 239 patches versus the 70 patches which was the original project goal. Also, we were able to complete 5 skin patches, larger mini-overlays, for improving

some of the worst pothole areas within the City.

Council Member Castle made the motion, seconded by Council Member Neal to approve the change order for the 2020 Asphalt Patch Project contract to Colorado Paving, Inc., and to authorize the City Manager's signature on the change order in the amount of \$329,542.64.
